

SAFETY INFORMATION: What to know before visiting Doolin Cave

- Tours last 50 minutes.
- There are 125 steps both descending and ascending into and out of the cave. Every ten steps, there's a landing equipped with a seat and a handrail throughout the path.
- The cave maintains a constant temperature of 11°C (52°F), providing a cool respite in summer and warmth during winter. Bringing a light jacket or a warm sweater is recommended for a cozy tour experience.
- It's advisable to wear sturdy walking boots or shoes. Open-toed footwear isn't suitable due to the slightly muddy and uneven terrain inside the cave.
- All visitors will be provided with a hard hat at the tour's outset, as the cave passage has low sections.
- Buggies and strollers are not permitted inside the cave.
- Tours are not suitable for small babies/children.
- No animals are allowed in the cave.
- Check-in at the reception 15 minutes before the tour's commencement. Tours start punctually.
- Tours begin on the hour and cannot be joined later due to late arrival.
- Consumption of food or drink is not permitted within the cave.
- Flash photography is allowed.

Cancellation/Refund Policy: To receive a refund, tour cancellations must be made at least 3 hours before the scheduled tour time. Cancellations, no-shows, or late arrivals are non-refundable.
